Working on a temporary office today, what do you need from me ?

Nothing...see you tomorrow night

OK, but I have a question about people that are unemployed because of the disaster. Is there any FEMA assistance? And if there is how do they find out about it or who do I talk to?

Thu, Nov 15, 10:40 AM

Do you need me to be somewhere or do something? I can do whatever you need

Do we know any more the schedule

About the schedule

Schedule? With President? Not sure. Secret service in charge. They are contacting and background in people. We know the President is in town but no details. I am now hearing they won't let anyone in who has not been previously vetted. Sorry. I am not included. I tried to get council in but not sure that is going to happen. You can try

If you need me let me know or if things change. Not going to force anything

Yes, tomorrow would work better for me. Is there a time that is good for you?

What about lunch or early afternoon?

Lunch is fine, name a place.

Are you in Durham ?

No, I'm Chico, off esplanade near Eaton.

Italian Cottage on Esplanade?

Perfect. I'll see you there tomorrow at noon.

I have 45 years of construction of new homes, and self employed painter High Country Painting, from 93-2009. I now am retired at 65 and would like to help any contractor that needs a older guy with LOTS of experience. I have worked for Richmond American homes as Customer service rep, KB Homes and so many more. So if anyone is looking for someone to get projects done... That would be me. I have never had a resume - never needed on lol.. I have MANY homeowners and new home builders referrals. 530 863 6394. I am in Applegate, and don't need a ten dollar

projects done... That would be me. I have never had a resume - never needed on lol.. I have MANY homeowners and new home builders referrals. 530 863 6394. I am in Applegate, and don't need a top dollar wage. I want to help put Paradise back better than before.. Thank you..

His name is Don Nissel. Sorry I left that out of the prior note.

I will see what I can do with this, can you give me an idea where this meeting is this afternoon?

afternoon?

It's at the County admin center in Oroville. I believe the building is the one right next to the Superior ct. it's either in the supervisors board chambers or their conference room. I think it's 25 county center dr. But I'm not positive on the address.

Thanks

The meeting went well and the decision was to let Paradise finish out the term through May 31, 2019 for now. Then you all will decide whether to go with a rotation of cities or allow Paradise to do another term through the rebuild time. I told them that I wanted them to consider leaving Paradise on and it seemed to have some support but the battle will come later. Have a great Christmas

Thanks Greg. You have a Merry Christmas also.

Hi Greg. I got a call from Rob Olmstead with Senator Nielsen. He is setting up a tour of Paradise and a meeting about our legislative asks for Senator Jerry Hill who represents San Bruno and could be an important ally in getting our asks. The meeting is 1/9. I'm already committed to a meeting in Marysville and tour of Paradise with the CTC that day. I asked Rob to coordinate with Lauren. He also asked if you could participate and if you would call him. I'll send you his contact information. Also your

Greg, thanks for your comment on the sewer meeting. It's being organized by LaMalfa's office and they declined more participants.

Jody, I've tried to come up with the right words to say I'm sorry for how things went yesterday. Things said about you are unwarranted and wrong !! You took a second term of mayor graciously and this is how you are rewarded for that. Thank you for all you do and for your love for our town. You are appreciated !!

After the concerns of our adult children, and a lot of considerations we have decided not to rebuild in Paradise. We are relocating to Gridley. We would like to thank all of Trilogy for your help over the past 4 months. You all have watched our backs and provided a service that would have made that time frame even more depressing. Please give our thanks to everyone including Shawn and Beth. Also if you know of fencing or concrete contractors that need some work we are looking for some, as well as a landscaper. Let us know. Again, thank you and God Bless all of you. Sincerely, Steve and Joan Hazel
